Some useful guidelines to make sure your stay goes smoothly for both you and the neighbors.

Under Portuguese Law, noise is not allowed from 22:00 hrs. to 07:00 hrs. Please do not disturb the general peace of the resort and your neighbors by shouting, singing, playing loud music or similar attitudes during those hours.

Inside the unit, you should have special care with sources of noise, such as kitchen appliances, avoiding the use of the noisiest ones during the night. Also please bear in mind that Portugal has many old buildings and even when the interior was renewed sound isolations isn't always what you'd expected and usually the loudest noises are also heard by the neighbors.

Portuguese Law for Short Stay Accommodation states that the license for this unit can be revoked in case of frequent problems such as noise and other disturbances. Under the noise legislation excessive noise can also imply a fine for the guest of up to 2.000 Euros, therefore any disturbance can bring inconvenience both for you and for anyone who wishes to use this accommodation in the future.

In case of a smoke or fire emergency, please alert those around you. Attack the fire with the nearest appropriate extinguisher or fire blanket if safe to do so. Inform the reception or security or call the emergency number 112. If you encounter smoke during your evacuation, stay low to the floor.

Each accommodation has a first aid kit, its location is marked with a green sign with a white cross.

We suggest keeping the front door and terrace door locked when at the pool or garden area.

If you leave the house, even for a short while, make sure all windows are closed and secured.

Do not leave jewelry, money or any valuable items like mobile phones, laptops etc. lying around in your property.

Always keep the keys of your property with you. In case of misplacement or loss, please inform the reception immediately.

When you leave your car parked, please ensure that the doors and the boot of your vehicle are locked, even if it is to be unattended for only a short while and remove all valuable items from the vehicle.

Recharging of electrical vehicles in apartments / villas is totally forbidden.

Please note that uniformed and specially trained security personnel monitor our resorts during the night.

Notify the reception or the security service if you happen to notice anything unusual such as, strangers loitering in the gardens, receiving pestering phone calls or a knock on your front door by persons unknown to you.

Never permit the entry of persons who cannot identify themselves or who bring unsolicited deliveries into your house. All our employees carry name tags with the company's ID and can

therefore be identified. Should you have any doubts, please contact the reception or security service.
